

American-Lincoln®

The Power Behind Clean

SR5730 Compact Battery Powered Scrubber

Introducing a Compact Scrubber *without* the compact features

The SR5730 by American-Lincoln

The SR5730 offers productivity and maneuverability, through a variety of choices that customize the SR5730 to your special needs, whether it is the scrub path, battery packages, or productivity enhancing options.

Why choose American-Lincoln?

- Providing quality cleaning equipment since 1903
- Solid steel frame design
- Patented break-away squeegee
- Full front panel operator protection
- Backed by the best warranty in the industry

Innovative Key Features Include:

- Modulated brake system for increased operator safety
- Operating system with self diagnostic testing for easier maintenance
- “Speed Sense” - increases productivity allowing cleaning for up to five hours
- Dual vacuum shutoff system, protects vacuum motor(s)
- Controlled direction drive, assures safety

With its heavy-duty steel deck for splash protection, the SR5730 features two 1.7-h.p. brush drive motors to provide enough power to clean even grimy floors.

The control panel on the SR5730 puts all of the functions right at the operator's fingertips – within easy reach and easy to use.

Whether the floor surface is coated or uncoated concrete, ceramic tile or linoleum – the SR5730 is perfect for the job.

Large lid openings make filling and cleaning solution/recovery tanks an easy task

High capacity batteries provide extra cleaning productivity

Double-scrub brushes provide extra cleaning productivity

Solid, non-marking tires provide high traction

No tool squeegee change means more time spent scrubbing and less time maintaining machine

With the long drain hose, emptying the recovery tank in confined areas is effortless

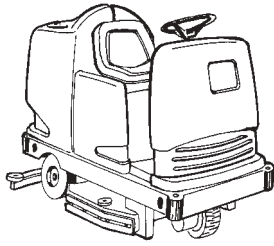

Floating side squeegees follow contours of the floor surface guaranteeing a clean, dry floor

Flood control or off-aisle cleaning becomes an easy task with the spray and vac wand – a hard-working option on the SR5730.

SR5730

Rider Scrubber

American-Lincoln®

The Power Behind Clean

Key Features

- Highly maneuverable
- Picks up water even in the tightest turns
- Easy to drain and clean
- Aggressive scrubbing

SPECIFICATIONS

Scrub path	34 in. (86 cm) / 38 in. (96 cm)
Average Coverage Rate (Working Speed)	34 in. - 37,000 sq. ft. (3426 sq. m/hr) 38 in. - 42,000 sq. ft. (3901 sq. m/hr)
Solution tank/Recovery tank	45 gallons (170 l) each
Brush sizes	2-17 in. (43.18 cm) or 2-19 in. (48.26 cm)
Brush speed	300 rpm
Scrubbing speed	Up to 3.5 MPH
Transport speed	5 MPH
Brush motors	2-1.7 hp, angled gear motor
Vacuum motor	3/4 hp, 3 stage tangential discharge
Drive motor	1.5 hp
Front wheel non-marking	12.5 in. (30.75 cm)
Rear wheels non-marking	2-12 in. (30.50 cm)
Aisle U-turn	87 in. (221 cm)
Power supply	36 Volt systems (330 Ah) (370 Ah)
Charger	36 Volt, 115V/60Hz or 230V/50Hz smart charger
Size (l x w x h)	34 in - 71.5 x 38 x 57 in. (181.61 x 96.52 x 144.78 cm) 38 in. - 71.5 x 41 x 57 in. (181.61 x 104.14 x 144.78 cm)
Weight (with Batteries)	1800 lb (816.45 kg)

WHAT ENHANCES ITS PRODUCTIVITY?

- Easy-to-use rocker switches lower the scrub deck and squeegee
- Electronic solution valve eliminates cable and mechanical valve
- Rugged hose and large tank lid openings speed draining and refilling

WHAT ARE ITS SAFETY FEATURES?

- Programmable speed controller provides smooth acceleration in forward and reverse
- Pedal proportional dynamic braking slows machine to a smooth stop when foot pedal is in neutral
- Dead man safety seat switch

ACCESSORIES

- Off-aisle spray and vac wand
- Extra Scrub Productivity
- Back-up alarm
- Overhead guard
- Battery lift-out tray
